Greetings,

As a passionate Data Engineer, I am writing to apply for Data Engineer opportunity in your organization and I am certain I would make a valuable addition to your organization.

I am proficient of design and develop data pipelines on Open-source using Apache Hadoop, Spark and Hive with sound data warehousing skills. I believe that on the back of my analytic, creative and logical thought process, learning the syntax and other specifics of such technologies and programming paradigms is almost a matter of no time and I can write maintainable code in Java, Scala, JavaScript, Python and PHP.

Please review my attached resume and StackOverflow profile for additional details regarding my expertise and career achievements. I am glad to discuss with you how my experience and background meet your needs.

Thank you for your time and consideration.

Sincerely,

Srinivas Reddy Alluri
